## THE STAR'S PHONES

The editor's phone is "51-TWO RINGS" while the business office remains the same. Our friends will save themselves possible annoyance and delay by keeping this in mind when calling up the Star office in future.

Anglo-Saxon disinclination to work will cause the race to become extinct sooner than its vices.

Vodka has been taken away from the Russian people, but the Russian army seems to have kept its punch.

Senator Bryan has accepted his defeat and gone back to his work. Senator Bryan is a big man. Let the little ones follow his example.

Tom Watson is supporting Solicitor Dorsey for governor of Georgia. This proves that Tom didn't know who led the gang that lynched Leo Frank.

In the Orient is a bird they call the bulb. If it was imported to this country just now it would take the eagle's place as the national fowl.

The Dozier company has joined the Thursday afternoon closing movement. Most of the stores are now closing every Thursday afternoon. It would pay them all to do so.

Thoughtfulness is a great virtue, but one can have too much of it, as is proved by one dear lady of this city, who packed her electric fan in her trunk and took it to the lake.

Various reasons are advanced why Congressman Sparkman was defeated in the recent primary. Seems to the Star that one reason why was that he didn't have enough postoffice appointments to go around.

There has been considerable talk in town of late about a tourist hotel. It is generally stated that Ocala needs a good hostelry on the outskirts of the city, with a golf links, tennis courts and gardens attached.

The losing fight made by Senator Nathan P. Bryan for renomination proved that there is no "yellow streak" in his anatomy.—Tampa Times.

Any sort of a man can make a winning fight, but it takes a good man to make a losing one.

The democratic party in Florida is not rotten, but it has given a mighty good imitation of it this spring.—Ocala Star.

And Peerless Pinellas, the democracy of which was so vociferously challenged when she was demanding her county independence, is the only county in the state that proved its democracy sound to the core on June 6. State papers please copy.—St. Petersburg Times.

We kept the faith in Marion, Straub. Please correct.

Perhaps the people of Florida prefer the government of laws enforced by other than the ablest and fittest among them.—Times-Union.

We didn't notice the T-U. making any fight for the ablest and fittest during the campaign. If it had devoted to exposing error the same amount of space that it used in abusing Roosevelt and the British government, it might have changed the result. The Times-Union is like some little tank-town sheets. It's afraid to tackle any evil that is close to it.

Turning down an old Confederate, especially a general, is a risky business for an office-holder. Refusing to give General Law the Bartow postoffice was one of the most powerful agencies of Congressman Sparkman's defeat.—Tampa Tribune.

In other words, if Mr. Sparkman had given a postoffice to Gen. Law, the general would have worked to reelect him. The Star is sorry to see such mercenary motives attributed to the honored old ex-Confederate. We hope the Tribune misrepresents him.

It is the general belief that Catts was elected on a platform of religious intolerance, and the Star is sorry to say that there is too much reason for the belief. However, that is not all. There are a whole lot of people who are tired of the way this state has been run and they turned to Catts in the hope of a change. Their hope may be vain. Catts seems to the Star to be mostly caterwaul. However, there is much good he can do, if he will; and very little harm he can do if he tries. The governor of Florida is not a czar. He is bound by the law, and if he breaks the law it will break him. The Star thinks Catts should have a fair show. He won't have any more criticism from this paper unless he deserves it. We will not join any combination of liquor dealers and railroad interests to count him

out. We will not support any independent candidate or approve of bolting the ticket. Catts may make a good governor. If he does, he shall have the Star's commendation. If he doesn't, he will have its opposition and criticism.

There seems to be no doubt that Catts is nominated. The closest possible canvass of the vote gives him a small but safe majority. This being the case, it's the Star's opinion that contests would be very bad policy. The democratic party in this state has made a fool of itself, and the best thing it can do now is to take its medicine. The Star was perfectly certain, six weeks ago, when it saw the party split on four candidates, that Catts would win. Its only wonder is that his plurality wasn't larger. The Star has fought Catts to the best of its ability, and flatters itself that it cost him more votes in proportion to its circulation than any other paper. However, that was all in the game. A contest isn't. We see no reason for believing there were more mistakes or more frauds on one side than another, and we don't think anybody in Tallahassee has a right to reverse the votes of the counties. Contests won't be in the interest of the people, most of whom are tired of the irritation and agitation of the campaign. Catts is evidently the nominee, and such being the case it's time to close the campaign and take up the next thing.

To hear the fuss made by a number of people one would suppose that the entire population of Florida belonged to the church, about 40 per cent Catholic and 60 per cent Protestant. The truth is that over 70 per cent of the people of this state do not belong to any church, and it is also a fact that their rights and convictions are not considered in making the laws. Some of these days the non-church members will get together, and pass laws taxing church property and making it a misdemeanor not to go fishing or play baseball on Sunday. This would be unjust, of course, but no more unjust than some of the laws passed by the church members.

## ALL ENTHUSIASTS SHOULD ATTEND

All good roads enthusiasts are urged to attend the meeting of the Marion county council of the Dixie Highway association tomorrow afternoon at 4:30 o'clock in the Board of Trade room. One of the things to be taken up at the meeting is the question of a report to the Central Florida Highway association on the status of the Dixie Highway in this county. Marion must be able to show that she has carried out, or will carry out, all the requirements necessary to have the great highway routed through here. There will be a change in the route of the highway in the case of counties failing to fulfill pledges.

The president of the Dixie Highway association has requested that the membership of the Marion county council be increased, in order that its influence might be more effective.

Ocala Star says the Tribune "has helped to defeat one of the men who most greatly helped to make Tampa great." That is a matter of opinion and the Tribune's opinion may not always coincide with that of the Star. At any rate, the gentleman in question has been very liberally rewarded for whatever contribution he has made to the greatness of Tampa.—Tampa Tribune.

Glad to hear he has been well rewarded. It is the public fashion to turn a faithful servant out to grass. However, the rest of the state would gladly have kept him where he would have done more service.

As we read the Tampa papers, there grows a suspicion that they are more pleased at the nomination of Trammell than they would have been had Perry Wall been successful. Are we right?—Miami Herald.

It is evident that you get your opinion from the Tribune. The Times not only believes, but knows, that Governor Trammell was the least capable man in the race for the Senate, the governorship or the House from any district.—Tampa Times.

Come, now, Huff; don't be too severe on Park. He has some merit, else he wouldn't have rolled up such huge majorities as governor and senator.

## FROM MR. NUGENT

Editor Star: I very sincerely thank the people of this county for the vote given to me June 6th.

To my friends of Auld Lang Syne whose friendship, "without money and without price," has stood the test of time and tide, I will simply say that their wholly unselfish friendship is one of the real things of life and that I am deeply sensible of their kindness.

Very truly,  
P. H. Nugent.

## LAKE WEIR

Lake Weir, June 13.—Dr. and Mrs. E. H. Camp accompanied by their son, Edward and daughter, Miss Myrtice, have just returned from a delightful automobile trip to St. Petersburg, stopping at Leesburg, Mt. Dora and other points of interest en route and making the trip in about four days.

Mrs. Will Jeffercoat and sister, Miss Mildred Warner, Mrs. G. K. Williams and daughter, Miss Edith, of Ocala, are on the lake for a few weeks occupying the Bradford cottage.

Miss Alice Bullock of Ocala has been the charming guest of Mrs. C. Rheinauer for the past week.

Social circles and friends of Mrs. William Bickley all around the lake and Ocala are grieved to hear of her continued illness at Medico Chi sanitarium, Philadelphia. Mrs. Bickley has always been the leading spirit in the club house entertainments and in fact in everything for the uplift and betterment of all who were fortunate enough to come under her influence, and is greatly missed since her illness, which began several months ago.

Miss Blair Woodrow and friend, Miss Harvey of Ocala spent a few days with Miss Eloise Henry the past week.

Mr. John Mann is spending this week in Ocala and Lawtey.

Mr. Arthur Scott has purchased the goods and fixtures of the store formerly owned by Mr. W. J. Westover, and is making quite a success in his line of business.

## HAVING TROUBLE WITH YOUR CAR?

Then bring it to me. Remediating automobile troubles is my business. Honest, efficient service; you pay for the time put in on your car only. J. A. Bouvier, Anthony road, phone 393, Ocala, Fla. 6-9-16-17

## A FLORIDA WOMAN TELLS HER EXPERIENCE.

Ft. Myers, Fla.—"Your 'Golden Medical Discovery' and 'Favorite Prescription' are my mother's remedies for numerous ills, and as tonics and nerve medicines. In my own experience with both, they certainly were all that was needed to bring about what was desired. I was suffering from indigestion, so much so as to become very thin and pale, and grew weak and listless, with very little ambition to be about the house. I was told by a physician that the derangement of my nervous system was the cause of the dyspepsia.

"Recently I took the 'Favorite Prescription' alone and it relieved my nervous condition and apprehension and prepared me for the trying ordeal of motherhood, relieving me of its many distressing features. I hope other women looking forward to motherhood may profit by my testimony, not only to give them comfort but to strengthen them for the nursing period."—Mrs. I. M. PELLICER, Ft. Myers, Fla.

Dr. Pierce's Golden Medical Discovery helps the stomach digest the food and manufacture nourishing blood. It has a tonic effect and soon enables the stomach and heart to perform their functions in a natural, healthy manner, without any outside aid.

Contains neither alcohol nor narcotics. Its ingredients are made public and printed on wrapper. It's a pure active five extract made with glycerine from native roots and herbs.

Sold by medicine dealers in liquid or tablet form, or send 50 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a trial box of tablets.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills. These tiny sugar-coated, art-bilious, granules—tiny, small, and the easiest to take.

## WILLISTON AND OAK VALE

Williston, June 14.—After two years of failure, the early vegetable raisers are enjoying a prosperous year again in the section for which Williston is the shipping point. Cucumbers, for the growing of which Williston has become famous, have been leaving in large quantities and still continue to bring fair prices.

County Superintendent "Tom" Price, one of Williston's leading citizens, after two terms of services, will hand over the educational affairs of Levy county on Jan. 1st to his opponent, Prof. Osteen.

Mr. T. L. Williams, the popular vice president and manager of the Bank of Williston, was paid the compliment of a handsome majority in his race for county commissioner of his district. Mr. Williams' success is a result of living by the old adage, "The way to have friends is to be one."

Dan Warren, while standing on a wagon loaded with cucumbers near the packing house on the McKennon farm was struck and instantly killed by lightning. The team drawing the load was also killed.

Douglas Boyer, the seven-year-old son of C. W. Boyer, of Oak Vale, whose thigh was broken some time ago by falling from a tree, is doing well at this writing.

Mr. J. W. Whitehurst Sr., is enjoying the delights of travel by auto, as one of the results of the season's prosperity. Ditto, Mr. Mimms Mat-tair.

A school meeting at the Ebenezer schoolhouse is booked for next Friday when it is expected Miss Hattie Akin, our last year's teacher, will be asked to return to resume work here in September.

Mr. Ferrell Boyer left for Anthony last Saturday to assist that section in the shipment of cantaloupes.

Dr. Emmet Anderson, after spending a week with his parents, Mr. and Mrs. W. H. Anderson, left Sunday for Jacksonville, to take the medical examination before the state board, after which he will return to Atlanta to spend eighteen months in the Grady hospital. The "genius for hard work" which brought him first honors in the Williston high school, and won for him the third place in a class of over one hundred at the Atlanta medical college week before last, will hardly fail to place him in the front rank of his profession.

Mr. Martin Huggins Sr., the John Weston of this section, who recently passed his eightieth milestone, sustained his reputation as a pedestrian by walking to Williston and back, a distance of ten miles, to vote at the recent primary.

Mrs. Mollie Robinson of Williston, spent the week-end with her brother, Mr. R. H. Reddick.

Mrs. Cooper who has spent several weeks with Mrs. C. B. Boyer helping her to care for Master Douglas, returned home today.

The young people were delightfully entertained Saturday night at Mr. Joseph Fielding's.

## SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment," writes one vacationist. "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets. Adv. 2
